Star Wars: A New Hope

Nineteen years after the formation of the Empire, Luke Skywalker is thrust into the struggle of the Rebel Alliance when he meets Obi-Wan Kenobi, who has lived for years in seclusion on the desert planet of Tatooine. Obi-Wan begins Luke's Jedi training as Luke joins him on a daring mission to rescue the beautiful Rebel leader Princess Leia from the clutches of the evil Empire. And after Obi-Wan sacrifices himself in a lightsaber duel with his former apprentice, Darth Vader, Luke proves that the Force is with him by destroying the Empire's dreaded Death Star.

Star Wars: Return of the Jedi

As an epic battle for the fate of the galaxy approaches, the Empire quickly finishes construction on another Death Star battle station, and the Emperor himself soon arrives to personally oversee the operation. Rescuing Han Solo from his captor Jabba the Hutt, Princess Leia helps organize the Rebel attack and Luke Skywalker prepares for final confrontation with Darth Vader to prove himself a Jedi and perhaps bring out the good within his father's soul. As the Rebels launch their offensive, Skywalker is brought before the Emperor, and after a lightsaber duel with Vader refuses the Emperor's temptations. In a fateful moment, Vader chooses to save his son, destroying the Emperor and sacrificing himself, a final redeeming act as

Star Wars: The Phantom Menace

Stranded on the desert planet Tatooine after rescuing young Queen Amidala from the impending invasion of Naboo, Jedi apprentice Obi-Wan Kenobi and his Jedi Master discover nine-year-old Anakin Skywalker, a young slave unusually strong in the Force. Anakin wins a thrilling Podrace and with it his freedom as he leaves his home to be trained as a Jedi. The heroes return to Naboo where Anakin and the Queen face massive invasion forces while the two Jedi contend with a deadly foe named Darth Maul. Only then do they realize the invasion is merely the first step in a sinister scheme by the re-emergent forces of darkness known as the Sith.

Star Wars: The Empire Strikes Back

Three years after the destruction of the Death Star, Imperial forces continue to pursue the Rebels. After the Rebellion's defeat on the ice planet Hoth, Luke journeys to the planet Dagobah to train with Jedi Master Yoda, who has lived in hiding since the fall of the Republic. In an attempt to convert Luke to the dark side, Darth Vader lures young Skywalker into a trap at Cloud City. In the midst of a fierce lightsaber duel with the Sith Lord, Luke faces the startling revelation that the Vader is in fact his father.

Star Wars: Attack of the Clones

Ten years after the The Phantom Menace, the galaxy is on the brink of civil war. Under the leadership of a renegade Jedi named Count Dooku, thousands of planets threaten to secede from the Galactic Republic. When an assassination attempt is made on Senator Padmé Amidala, the former Queen of Naboo, twenty-year-old Jedi apprentice Anakin Skywalker is assigned to protect her. In the course of his mission, Anakin discovers his love for Padmé as well as his own darker side. Soon, Anakin, Padmé, and Obi-Wan Kenobi are drawn into the heart of the Separatist movement and the beginning of the Clone Wars.

Star Wars: Revenge of the Sith

Three years after the onset of the Clone Wars, the noble Jedi Knights have been leading a massive clone army into a galaxy-wide battle against the Separatists. When the sinister Sith unveil a thousand-year-old plot to rule the galaxy, the Republic crumbles and from its ashes rises the evil Galactic Empire. Jedi hero Anakin Skywalker is seduced by the dark side of the Force to become the Emperor s new apprentice - Darth Vader. The Jedi are decimated, as Obi-Wan Kenobi and Jedi Master Yoda are forced into hiding. The only hope for the galaxy are Anakin's own offspring - the twin children born in secrecy who will grow up to become Luke Skywalker and Princess Leia Organa.
